BUILDING TRUST

STANDARD COLORS:

The following Colors will ship within 2 to 3 (two to three) Business Days from Receipt of Order. Day one begins the day after the order is received. Orders must be submitted by 4 PM EST.

PREPIGMENTED STOCKED COLORS:

These colors are available for Sikafloor-264 High Performance Epoxy Coating

CUSTOM COLORS:

A custom color is defined as any color that is not in this color chart. For example a color match requested from a color chip, or a paint sample, etc.

Custom color matching will take 5 business days from receipt of Color Standard.

(Please call you customer service representative for details on where to mail your standard.

Once color standard is matched, a drawdown card will be mailed to the customer for approval.

After color approval and receipt of Purchase Order, custom colors will ship within 3 to 5 business days. Day one begins the next business day after the order is received.

NOTE: Sika offers Color Additive Packs and In Pail Tinted product for the above colors. Due to the difference in technology, the application of Prepigmented Epoxy Resin (i.e. factory tinted) alongside Field Pigmented Resin (i.e. clear resin mixed with color additives on site) may result in color differences. Color uniformity can not be completely guaranteed from batch to batch (numbered). Beware when using Sikafloor products to draw from inventory in batch number sequences. Do not mix batch numbers in a single floor area.

Because of the limitations of process color printing, the color samples contained herein are close approximations of actual colors and should not be relied upon for true color. Colors show approximate tone without any texture. Final color matching should be made with an actual sample of the product, color and texture to be used. Gloss level will vary depending on product used. Custom colors are available. Minimum quantities, adequate lead time and up-charges may apply. For use with compatible Sikafloor® products only. Please consult Sika Industrial Flooring for further information and pricing.
